

BSA Scuba Award

Attention all Boy Scout Troops and Venture crews! Y-kiki Divers is pleased to offer a program to earn the BSA Scuba Award.

BSA Scuba Award introduces qualified Boy Scout, Venturing, and registered adult participants to the special skills, equipment, and safety precautions associated with scuba diving. The program encourages aquatic activities that promote fitness and recreation and provides a foundation for those who later will participate in more advanced underwater activity.

The BSA Scuba award experience contains two parts: Knowledge Development and Water Skills Development. During the first part, participants learn basic dive safety information and overview skills, such as mask clearing, regulator clearing, and alternate air source use.

Completion of BSA Scuba Award requirements sets the stage for additional training, but does not qualify the participant to dive independently, either in confined water or open water environments. BSA Scuba Award is *not* a diver certification, it's an experience.

Individuals completing the BSA Scuba Award requirements qualify for recognition with a BSA patch. The Y-kiki Divers PADI instructor(s) will complete the award applications for each member and the counselor or unit leader can then submit to the local council service center.

Y-kiki Divers will supply all scuba equipment: mask, snorkel, fins, tank, regulator, BCD and weights.

Instruction & Equipment Use: \$42 per person for groups of nine or less / \$39.50 per person for groups of 10 or more.

Note: Participant(s) may provide their own pool at their expense provided it meets size and temperature requirements.

All fees and completed paperwork must be submitted to Y-kiki Divers one week prior to the scheduled event.
