

**Principles of Photography**  
**Jane Palmer, Instructor**

**Do you want to learn how  
to *make* a photograph  
instead of letting your  
camera *take* a photograph?**

Come join me for a 5 week, in depth class on the basic concepts of photography. We will cover exposure, composition, creativity and we will learn to capture the beauty of a scene with our camera so that we remember how that moment felt.

This is a perfect class for a total beginner, but will also help experienced photographers move on to manual settings to get the most from their camera.
