It's time to return to Wakatobi! This intimate, eco-friendly resort is located in remote Southeast Sulawesi, Indonesia, and is at the world's epicenter of coral reef biodiversity. You'll not only see beautiful vistas and pristine coral reefs, but also abundant colorful reef fish and rare and unusual cryptic 'critters'. Wakatobi dive guides are expert at locating these critters and you'll bring home a logbook of amazing encounters.

The resort offers varied gourmet meals and snacks, personalized service with a ratio of 5 staff per 1 guest (!) and beautifully appointed bungalows amidst palm trees and tropical plants. It's simply paradise for divers and we are very excited to be going back!
