

AFTER TRUK

The Island of Yap

April 16 – 20, 2011

All inter-island air
4 nts hotel & breakfast
3 days 2 tank diving
Nitrox included
Transfers & hotel taxes

This is one of the few unspoiled jewels that offers diving with Yap's best known inhabitants, the beautiful and graceful Mantas, great macro dives and the colorful Mandarin fish. With the luxuries of a great hotel and dive operation at waters edge.

Accommodations at the newly refurbished and expanded Manta Ray Bay Hotel right on the bay is the perfect launch point for great manta diving. Gorgeous sunrises in front of your ocean view balcony will greet you each morning and the quaintness of the island will let you totally relax while enjoying some of the worlds best big animal encounters. These gentle giants will glide right in to us as we quietly wait at the cleaning stations. By following the instructions of our experienced dive leaders you will have some truly unique up close encounters with these awesome creatures. You will also be able to drop in on some very good macro diving 5 minutes from the hotel in the harbor side of the reef. Nudibranch, pipefish, juvenile lionfish and more will provide some great photo shots or just great entertainment watching them in their home habitat. Then you have the Mandarin fish with their bright colors, hummingbird movements and evening mating rituals. This is what the locals call "their" muck dive. Visibility is 15 to 20 feet. At the edge of the mangroves at sunset in water 7 to 9 feet deep you will be entranced by the Mandarin fish and their nightly activities as they flit about the root system of the mangroves.

The newly renovated and expanded Manta Ray Bay Hotel offers large, comfortable rooms with ocean views, an oceanfront infinity pool, large dive shop next door with ample storage lockers, rinse basins, gear and photo/video rental and the dock is right in front. .
