

Socorro Islands MV Valentina

Total Solar Eclipse!

April 5-14, 2024

Jeff & Stacey Mormol are heading to one of our all time favorite dive destinations and we specifically picked this week to be sure and see the April 8, 2024 total solar eclipse. The

Revillagigedo Islands are a group of four volcanic islands -- San Benedicto, Socorro, Roca Partida and the Clarion Islands -- in the Pacific Ocean, known for their unique ecosystem. The islands lie 250 miles off Baja Mexico's southern shore. We'll dive

submerged sea mounts and manta cleaning stations. The islands attract all the big stuff: sharks, dolphins and the friendliest mantas we've ever experienced. It is truly an unique destination and getting to experience a total solar eclipse will make this trip truly epic!

Package includes:

- 9 nights double occupancy
- 6 days of diving (3-4 dives per day)
 - Nitrox
- All meals & snacks
- Soda, local beer, water, glass of wine at dinner
- Tanks & Weights
- Rashguard & trip video
